

GS-III: Issues Relating to Conservation, Environmental Pollution and Degradation.

1. Critically Analyze the proposed Draft National Resource Efficiency Policy in the context of Waste Management.

Why this Question?

- Recently Government Proposed Draft National Resource Efficiency Policy to streamline the efficient use of resources with minimum negative impact on the environment.

Key Demands of Question:

- Why this policy is important to India?
- Analyse the merits and demerits of the proposed policy.
- What are the future actions government should take?

Answer:

- Directive word ‘critically analyse’:
- When asked to analyze, you have to examine methodically the structure or nature of the topic by separating it into component parts and present them as a whole in a summary. When ‘critically’ is suffixed or prefixed to a directive, one needs to look at the good and bad of the topic and give a Fair Judgement.
- Whenever it is asking Critically Examine, Critically Comment or Critically Analyse just remember that you have to write both pros and cons and give a fair, unbiased or value loaded judgement. It should always give a closure feeling while examiner reading the Answer..

Structure of Answer:

Introduction:

- Write about the current status in the waste management in India with facts and figures and importance of the proposed policy.

Body:

- Explain the significance of the proposed policy.
- Explain the merits and demerits of the policy.
- Explain how it will help to tackle the waste management?
- Give relevant examples and facts and figures regarding the waste management.

Conclusion:

- Give some Way Forward measures to tackle the demerits in the proposed policy and other measures to address the Waste Management Holistically.
